

POWERTRAIN

ENGINE GAS

Camshaft
Cam Bearings
Push Rods
Rocker Arms
Connecting Rods
Pistons
Piston Rings
Wrist Pins
Hydraulic Valve Lifters
Timing Chain & Gears
Crankshaft
Main Bearings
Oil Pump
Oil Pan

FLUIDS & FILTERS

Are covered only when required in conjunction with a covered component failure and repair

SUPERCHARGER

Single / Twin / Turbo (OEM Only)
Surcharge applies
All internally lubricated parts contained within the turbo/supercharger housing

AUTOMATIC TRANSMISSION

All internally lubricated parts (excluding electronics)
Pump & pump housing
Carrier assembly

Planetary gears
Drums
Valve body
Reaction shaft
Governor
Servo assembly
Torque converter

MANUAL TRANSMISSION

All internally lubricated parts
Main shaft
Counter shaft
Input shaft
Synchronizers
Gears
Shift fork & internal bearings.

(Manual clutch & related components are not covered).

REAR AXLE ASSEMBLY

Ring & pinion gears
All internally lubricated parts contained within the rear end assembly and case (if damaged by an internally lubricated part).

4X4 ALL WHEEL DRIVE

Included
Transfer case and all internally lubricated parts and all internally lubricated parts contained within the differential housing.

PLUS

*Includes all covered components under Powertrain with the addition of the following:

SENSORS

Oxygen sensor
Map sensor
Mass air flow sensor

ENGINE PLUS

Distributor housing & shaft
Timing belt & timing belt tensioner
Timing chain cover
Timing belt covers
Oil pressure sending unit
Cylinder block
Cylinder head(s)

SEALS & GASKETS

Cylinder head gaskets & intake manifold gaskets are covered components.
(All other seals and gaskets are covered only in conjunction with a covered component failure).

FUEL SYSTEM

Primary electric fuel pump

Steel lines
Fittings & hoses

AIR CONDITIONING (OEM)

Compressor
Compressor clutch & pulley
Condenser
Receiver drier
Accumulator
Orifice tube.

A/C FLUIDS & FREON

Included (only in conjunction with the replacement or repair of an A/C covered component).

COOLING SYSTEM

Electric cooling fan motor
Fan blade
Fan clutch
Radiator
Water pump
Thermostat & gasket

Coolant recovery container unit

HIGHTECH ELECTRICAL

Electronic ignition module
Power sun roof motor & switches
Power seat motors & switches
Power antenna motor & switches
Power window motors & regulators
Power door lock actuators
Front wiper motor & switch
Front washer pump & switch
Electric horn(s) & horn relay
Stop lamp switch
Starter motor
Starter drive assembly
Solenoid
Alternator
Voltage regulator
ABS & BRAKES SYSTEM
Master cylinder
Disc brake calipers
Front & rear wheel cylinders

Wheel speed sensors
Accumulator
Pressure modulator valve
Steel lines & fittings
(Exclusions are: rotors, drums, pads & linings).

STEERING & SUSPENSION

Power steering pump & housing
Rack & pinion assembly
All internally lubricated parts contained within the steering gear box
Upper & lower ball joints
Front & rear wheel bearings
Front & rear axle shafts
Constant velocity joints (only if boots are not torn or leaking).
Front & rear leaf & coil springs (only if broken).

ENHANCED

*Includes all covered components under Powertrain and Plus with the addition of the following:

ENHANCED SENSOR PACKAGE

Fuel injection sensor
Throttle position sensor
Coolant sensor
Crank sensor
Camshaft sensor
Air intake
Temperature sensor
Knock sensor
Vehicle speed sensor

FUEL DELIVERY SYSTEM

Air injection pump
Fuel injectors
Metering valve
Fuel gauge sending unit
Fuel float
Fuel tank (if tank is not corroded).

ENGINE

Harmonic balancer
Flywheel
Flex plate
Flywheel cover

Exhaust manifolds & gaskets
Solid rubber engine mounts

ENHANCED ELECTRICAL (PCM)

Powertrain control module
Air suspension relay
Cruise control module
Cruise control servo
Cruise control switch
Power trunk motor assembly
Power trunk closer & switch
Power convertible top motor & switch,
Garage door opener (OEM)
Power mirror motors & switches
Rear wiper motor & switches
Rear washer pump & switch
Headlight switch
Headlight dimmer switch
Ignition key lock cylinder switch
Turn signal relay & switch

AIR CONDITIONING

Expansion valve

POA valve
High & low compressor cut off switch
Pressure cycling switch & evaporator.

HEATING & COOLING

Heater core
Blower motor
Heater control valve
Manual dash heater control unit.

AUTOMATIC TRANSMISSION

Externally mounted solenoids
Encoder motors
Vacuum modulator
Transmission cooler (OEM)
Solid rubber mounts.

ABS & BRAKES SYSTEM

Electronic control processor
Vacuum assist booster
Hydraulic pump/motor assembly & isolation dump valve.

SUSPENSION

McPherson struts
Strut bushings (air struts excluded)
Tie rod ends & sleeves
Idler arm
Pitman arm
King pin
Center link
Upper & lower controls arms & bushings
Front & rear sway bars & bushings
EXTERIOR
Door lock cylinders
Trunk lock cylinders
Door hinges
Manual parking brake cables
Hood hinges
Hood latch
Hood release cable
Hood
Trunk & rear hatch hydraulic lift supports
Trunk & rear hatch hinges
